STELLAR CELLAR WINE AWARDS

For the first time in 2006, we offered the Stellar Cellar Wine Awards, our attempt to showcase the outstanding restaurants in our region and the wonderful vintages they offer.

One thing that struck us as we reviewed the applications was just how many great wine lists there are; in fact, each restaurant that applied had some outstanding elements on its wine menu.

We graded the restaurants and put them each in a category: Platinum, Gold, Silver, Bronze and Pewter. So settle back, and get ready to pour yourself into a list that will quench your thirst for knowledge.
